

	Company Name	Contact Information	Business Classification	Capabilities
AMW/TP	North Wind Inc.	Sylvia Medina, President (208) 557-7911	8(a) certified, SDB, WOSB	Construction; remediation, waste mgmt.; safety/health, IT, GIS, decon./demo./decommissioning; environ. restoration; engineering, compliance, permitting, natural and cultural resource, public involvement/communications
Washington Closure	TerranearPMC, LLC	Amar M. Raval, President (832) 265-4900	8(a) certified, SDB	Environmental remediation and compliance, radiological waste management, engineering design, and construction management
	Integrated Logistics Services, Inc.	Eric C. Dahlin, President (702) 491-5401	WOSB	Planning, scheduling, project controls, property management, logistics, inventory management
Bechtel Jacobs	Restoration Services Inc., DBA RSI	Staci Ferguson, Owner (865) 425-0184	WOSB	Temporary help and remediation services
BWXT Y-12	Alabama State University	Dr. Joe A. Lee, President (334) 229-4124	HBCU	Accounting, finance, MIS, management, economic and marketing expertise, qualified Ph.D faculty in all six disciplines
	American Defense Services, Inc.	Ken Lanzalaco, Ralph Peterson, Jack Vincent, Art Kieske, Owners (504) 885-5928	SDVOSB	Vulnerability and risk assessments, threat identification and assessments, threat mitigation and security plans, counterterrorism planning, security staff training, drills, and exercises
	BR2C	Beverly A. Rodriguez, Owner (256) 721-6567	WOSB, SDVOSB, 8(a) certified, SDB and DBE	Logistics—maintenance, supply, transportation, operations and maintenance (facilities), training; engineering—system engineering, software engineering, configuration management, fabrication/modification, A&E design/installment
	Cavanagh Services Group, Inc.	Susan P. Rice, Owner (801) 532-2272	8(a) certified, SDB, WOSB, HUBZone	Waste characterization, disposal, profiling, certification, development of transportation and security plans, waste repackaging, packaging and leasing (B25 boxes, bags, bulk containers, rail cars), overall logistics management, truck/rail transportation
	DCS Electronics	Christine Teran Mundy Combs, Owner, (865) 982-9517	WOSB	Instrumentation and controls systems, electronics, test stands, custom electronic/electrical enclosures, precision sheet metal fabrications, custom fabricated design, AWS-certified welding and inspection
	East Tennessee Mech. Contractors, Inc.	Mark S. Deathridge, Owner (865) 522-6108	SDB	Facilities maintenance/management, general construction, mechanical and electrical contracting, HVAC installation, heavy equipment/vehicle maintenance, roads/grounds maintenance, underground utility installation
	Elvado Environmental, LLC	Jill A. Mortimore, T.R. "Toby" Harrison, Jeffrey R. Walker, Owners (865) 357-1502	8(a) certified, WOSB, SDB	Environmental compliance support, CERCLA and RCRA, groundwater, waste management, demolition, landfill planning/operation, surveillance and maintenance programs; environmental site assessments; monitoring well inspection/maintenance; project management
	Environmental, Safety & Health, Inc.	William P. Garibay, CSP, Owner (865) 671-2374	8(a) certified SDB	Safety and health, training, environmental regulatory compliance, construction
	Fisk University	Hazel O'Leary, President (615) 329-8555	HBCU	Perform research and develop technologies relevant to NASA's mission, focusing in the field of photonics
	G2 Engineering & Management, Inc.	Michael Twine, James Henkel, Owners (865) 482-4271	8(a) certified, SDB	General contracting services for safety security, and disaster recovery initiatives; project mgmt.; construction services/ mgmt., demolition and debris removal; eng./tech. services; nuclear safety; readiness review/assessment; low-level waste mgmt./transportation; emergency response/asset mgmt.; QA/controls, telecommunications
	Haselwood	Rose Wood, Hal Haselton, Owners (865) 483-7007	WOSB	Nuclear materials management/disposition; Safeguards & Security planning/implementation and nonproliferation/ threat reduction; project/construction management/assessment; environmental remediation/waste management; facility/operation support
	LeGacy Resource Corporation	Chiquita R. Young, Owner (615) 776-1537	8(a) certified, SDB, WOSB	Critical infrastructure protection services—modeling, threat analysis, vulnerability assessments; information security services, operations security; communications/personnel security; emergency planning and preparedness; nuclear material control and accountability; surveillance countermeasures; administrative support services
	McConnel Jones Lanier & Murphy LLP	Sharon E. Murphy, Owner (713) 968-1600	8(a) certified, SDB, WOSB	Consulting services, internal auditing outsourcing, ERP system implementation data collection/analysis, process improvement, performance review, executive search; audit assistance, program management, policy analysis, integrated logistical support, R&D system engineering software development
	Microwave Synergy, Inc.	Karen M. Morrow, Owner (423) 648-3898	8(a) certified SDB	Microwave processing application technology; microwave offsite testing/evaluation; design, fabricate, and install microwave melting equipment and systems; design and develop high-temperature transparent microwave ceramic insulation and advanced ceramics for high-purity alloys
	MS Technology, Inc.	Harbans Singla, John Jones, Owners, (865) 483-0895	8(a) certified SDB	Engineering, project controls, environmental/waste minimization; information technology, instrumentation and controls, systems development, operations and maintenance, microwave melt technology
	Navarro Research and Engineering, Inc.	Susana Navarro-Valenti, Owner (865) 220-9650	SDB	Environmental—D&D, waste management, remediation, regulatory compliance; nuclear facility safety/design support, criticality safety, nuclear material packaging and transportation, energy technologies testing and development; quality and safety—ISM, EMS, PAAA, QA program development, audits/assessments
	Ram/VITEC, Inc.	Horace L. Miller, President (865) 483-3726	8(a) certified, SDB, WOSB	Strategic planning/business operations programs; procurement support services; property management program support; organizational dynamics and communications programs; commercial janitorial service
South Carolina State University	Dr. Andrew Hugine, Jr., President (803) 536-8860	HBCU	Algorithms test/develop. analysis; biomass research; coherent-based simple dynamic equivalent research; comp. mats. manif. tech.; computer graphics and aided eng. design/analysis; fluid dynamics; nuclear eng.; environ./ecological chemistry; heat transfer/thermal science; mats. science; num. methods/analysis; stress and fatigue analysis in mats.	
Southern University and A&M College	Dr. Edward R. Jackson, President (225) 771-5020	HBCU	Research, education, technology, and business partnering, staff of civil, environmental, mechanical engineers, microbiologists, hydro geologists	
Tennessee State University	Dr. Melvin N. Johnson, President (615) 963-7474	HBCU	Science, technology, engineering, and mathematics (STEM) research education; business education/accounting; psychology/public administration
