OIL, GAS & CHEMICALS

Ron Blum

General Manager, Tanks
Oil, Gas & Chemicals

BIOGRAPHY

Chemicals Tanks business line, designing and building a wide range of installations, from cryogenic tanks to pressure vessels.

Blum came to Bechtel in 2012 with more than 38 years of experience in the still-tank industry, including engineering, fabrication, construction, and project management.

Blum held a number of executive leadership positions in the oil and gas industry, responsible for business development, sales, and management in the Middle East, North Africa, and UK markets. For most of his career Blum served Chicago Bridge & Iron.

Blum holds a Bachelor of Science degree from the Georgia Institute of Technology and an executive MBA from the Wharton business school of the University of Pennsylvania.

Bechtel is among the most respected engineering, project management, and construction companies in the world. We stand apart for our ability to get the job done right—no matter how big, how complex, or how remote. Bechtel operates through four global business units that specialize in infrastructure; mining and metals; nuclear, security and environmental; and oil, gas, and chemicals. Since its founding in 1898, Bechtel has worked on more than 25,000 projects in 160 countries on all seven continents. Today, our 58,000 colleagues team with customers, partners, and suppliers on diverse projects in nearly 40 countries.
