John MacDonald

Manager,
Engineering, Procurement & Construction Functions
Senior Vice President

BIOGRAPHY

John MacDonald is a senior vice president of Bechtel Corporation and a member of the Board of Directors of Bechtel Group, Inc. He is based at Bechtel's operational headquarters in Reston, Virginia.

He has served as manager of Engineering, Procurement & Construction functions since 2008 and, more recently, became executive sponsor of Information Systems & Technology. From 2007 to 2012, MacDonald also served as corporate manager of Human Resources.

Previously, MacDonald served in various capacities with Bechtel's Oil, Gas & Chemicals business in Houston. He also was executive sponsor for Bechtel's Mining & Metals business, Montreal-based Bechtel Canada, Bechtel affiliate Bantrel Ltd. in Calgary, Alberta, and Bechtel's Latin America region.

From 2001 through 2004, he was president of Bechtel Infrastructure, responsible for civil infrastructure business in North and Central America. Landmark projects included

- Boston Central Artery/Tunnel program
- Tacoma Narrows suspension bridge
- Capital improvement programs for McCarran (Las Vegas), Miami, and Juan Santamaría (Costa Rica) International Airports.

Previously, MacDonald served Bechtel's Mining & Metals business as head of its Asia Pacific region, manager of marketing and strategy, and president. He also served as Managing Director, Bechtel Australia Pty.

He was elected a principal vice president in 1997, a senior vice president in 1999, and a director in 2009.

MacDonald, who joined Bechtel in 1974, holds Bachelor of Science and Master of Science degrees in mining engineering from Queen's University in Kingston, Ontario.

Bechtel is among the most respected engineering, project management, and construction companies in the world. We stand apart for our ability to get the job done right—no matter how big, how complex, or how remote. Bechtel operates through four global business units that specialize in infrastructure; mining and metals; nuclear, security and environmental; and oil, gas, and chemicals. Since its founding in 1898, Bechtel has worked on more than 25,000 projects in 160 countries on all seven continents. Today, our 58,000 colleagues team with customers, partners, and suppliers on diverse projects in nearly 40 countries.
