Shaun Kenny

President, Asia Pacific
Senior Vice President

BIOGRAPHY

Shaun Kenny leads Bechtel's Infrastructure business in Asia Pacific and serves as the region's president. Shaun is a senior vice president of Bechtel Group.

Shaun began his Bechtel career in 1997 as a construction engineer on the Channel Tunnel Rail Link. Since then he has served in construction and project management roles in the United Kingdom, Chile and Australia in Bechtel's water, rail and mining businesses.

Prior to his current role, Shaun served as president of Mining & Metals, a position he held from 2013 to 2016, Shaun led the team to improve safety performance, deliver a series of milestone projects and restructure its operations to win new work in particularly tough market conditions.

Before joining Bechtel, Shaun was an engineer at Balfour Beatty plc. in the U.K. Among his projects was the Heathrow Express Rail Link in the late 1990s.

Shaun is a chartered civil engineer in the U.K., a fellow of Engineers Australia, and a registered engineer in Australia. He holds a bachelor's degree in engineering from Liverpool Polytechnic.

Bechtel is one of the most respected global engineering, construction, and project management companies. Together with our customers, we deliver landmark projects that foster long-term progress and economic growth. Since 1898, we've completed more than 25,000 extraordinary projects across 160 countries on all seven continents. We operate through four global businesses: Infrastructure; Nuclear, Security & Environmental; Oil, Gas & Chemicals; and Mining & Metals. Our company and our culture are built on more than a century of leadership and a relentless adherence to our values, the core of which are safety, quality, ethics, and integrity. These values are what we believe, what we expect, what we deliver, and what we live.
