# Carlos Alarco

Region President – Latin America, Bechtel  
Country Manager – Sucursal del Perú, Overseas  
Bechtel Inc Bechtel

## BIOGRAPHY

Carlos Alarco is president for the Latin America region since 2018 and country manager of Bechtel's office in Peru since 2014.

Carlos has more than 26 years of professional experience in engineering and construction, focused on mechanical design, engineering, project management and business development. He has worked in Peru, Germany, and France in industry, mining, infrastructure and aeronautical projects.

As country manager of Bechtel Peru, he is responsible for the commercial, operational and management development of the Bechtel office in Peru primarily for the Mining and Metals global business unit. As region president for Latin America, he is responsible for representing Bechtel in the region and supporting all of Bechtel's businesses in identifying new opportunities, supporting business development efforts, and building and maintaining robust stakeholder relationships.

Carlos graduated as a mechanical engineer from the Pontificia Universidad Catolica del Peru. Carlos is chair of the Peruvian section of ASME (American Society of Mechanical Engineers).

## ABOUT BECHTEL

Bechtel is a trusted engineering, construction and project management partner to industry and government. Differentiated by the quality of our people and our relentless drive to deliver the most successful outcomes, we align our capabilities to our customers' objectives to create a lasting positive impact. Since 1898, we have helped customers complete more than 25,000 projects in 160 countries on all seven continents that have created jobs, grown economies, improved the resiliency of the world's infrastructure, increased access to energy, resources, and vital services, and made the world a safer, cleaner place.

Bechtel serves the Infrastructure; Nuclear, Security & Environmental; Oil, Gas & Chemicals; and Mining & Metals markets. Our services span from initial planning and investment, through start-up and operations.
