Summary: Concrete Services for the Poland AP 1000 Project

Contracting Authority: BECHTEL POLSKA SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ

Section 1: Organization Details or Contracting Authority

Contracting Authority:	**BECHTEL POLSKA SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ**, a limited liability company with offices at Aleje Jerozolimskie 100, 00-807, Warsaw, Poland
Country:	Poland
Contact Person:	**BECHTEL POLSKA SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ** Name: Joanna Roman Telephone: +48 22 163 55 57 E-mail: jroman2@bechtel.com Aleje Jerozolimskie 100, 00-807, Warsaw, Poland Business Center Equator IV, Level 12

Section 2: Notice Details

Owner Name:	**POLSKIE ELEKTROWNIE JĄDROWE SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ**, a limited liability company with offices at Aleje Jerozolimskie 132/136, 02-305, Warsaw, Poland
Project Description:	Nuclear Power Plant, utilizing AP1000® reactor technology, composed of three (3) specified reactor units and all other nuclear and non-nuclear facilities, with installed capacity up to 3,750MW.
Project Location:	Municipality of Choczewo (Lubiatowo-Kopalino), in the Republic of Poland.
Notice Type:	Company Prequalification and Tender Notice
Bidding Type:	Competitive bidding
Notice No.:	RFQ No.: TBD
Description:	1. Experienced Suppliers and Operators with advanced Concrete Batch Plant capabilities are invited to provide onsite Concrete Batch Plant Facilities. This is to support the construction of the Poland Nuclear Power Plant. The scope of work includes providing comprehensive planning services, supplying all necessary materials, concrete constituents, equipment, labor, supervision, transportation, consumables, and any other item of expense required to construct, certify, operate, and maintain the onsite Concrete Batch Plant Facilities as well as concrete delivery to placement location (i.e. foundation, wall, elevated floor, roof, road, sidewalk). Interested Companies must register/update their Contractor's information in Bechtel's iSupplier portal at **https://supplier.becpsn.com** link and select commodity code DB50 as their specialty. If Contractor has any questions or intends to express interest in bidding this requirement, the Company shall notify Bechtel's Contact Person. At that point, Bechtel shall provide the interested party the Poland Prequalification Questionnaire which Company would complete with response to Bechtel for review. Bechtel notes that previous proven experience with Batch Plants of similar scale and complexity will be mandatory and providing additional documentation / evidence of previous experience may be required. 2. The prequalification questionnaire includes a list of questions required to be considered as prequalified, and examples to include demonstration of (i) experience in design, deliver, operation and maintain Batch Plants and delivery of concrete to foundation in the past or current projects, (ii) safety record and

	compliance to quality requirements (see section 7),(iii) compliance to certification of legally mandatory requirements (including anti-corruption and sanctions), (iv) financial standing (solvency), and (v) organizational capabilities. 3. Upon Bechtel's evaluation of a response to the Poland Prequalification Questionnaire, Bechtel will notify if the Company meets, conditionally meets, or does not meet the prequalification requirements that closely match the requirements. A Company's submission of Prequalification Questionnaire does not automatically qualify the Company to be a pre-qualified Company. 4. Each prequalified Company will be required to execute a Non-Disclosure Agreement (NDA). 5. Companies meeting the prequalification criteria and who have executed the NDA will be invited to submit the proposals for Concrete Services Package. 6. The Request for Quotation (RFQ) shall include the award criteria, scope of work, specifications, drawings, datasheets, terms and conditions, and schedule data. The RFQ shall be issued via Bechtel's Digital Supply Chain System automation tool. 7. The RFQ document shall include the scope of the Concrete Batch Plant Facilities, including but not limited to producing approximately **1.260.375,00** cubic meters of concrete for the first Nuclear Power Plant in Poland. The seller is responsible for designing the on-site Concrete Batch Plant, including providing detailed drawings and calculations for the structures. The seller must develop and provide plans and procedures to the Buyer, as well as procure, deliver, install, operate, maintain, deliver concrete to foundation and remove all components of the batching plant facility. The scope will also include sourcing and delivery of all concrete constituents such as sand, aggregate, cement, admixtures, fly ash etc. and support in the development of mixed designs relevant to the project. For Safety Related scope, the Seller is required to have an NQA-1 Quality Assurance Program for further evaluation and acceptance by Bechtel. As an alternative, (1) the supplier may have a certified ISO 19443:2018 Quality Management for further evaluation and acceptance by Bechtel for compliance with NQA-1 and identification of any gaps that need be addresses, or (2) an ISO 9001:2015 Certified Quality Management System that would be subject to a commercial grade survey where seller program is evaluated against all aspects of the qualify management system that are relevant to the control and performance of the scope of work. Seller's activities will include certification of mix designs in accordance with Polish Law. Otherwise, for non-nuclear quality (Non-Safety Related) concrete, Seller shall have a certified ISO 9001:2015 Quality Management System. The Seller will provide all necessary materials, equipment, labor, supervision, transportation, consumables, and any other items required to construct, certify, operate, and maintain the on-site Concrete Batch Plants. The seller is required to provide a Temporary Mobile Batch Plant for up to two year to supply the required concrete during site mobilization and the installation of temporary construction facilities. The estimated production rate for the Temporary Mobile Batch Plant is between 130 to 150 cubic meters per hour. Temporary Mobile Batch Plant is for Non-Safety Related Concrete Scope only. Beyond the Temporary Mobile Batch Plant, two batch plants are required, Primary and Backup. The Primary and Backup batch plants will occupy an area of up to 11,000 square meters. Each plant should be able to produce 7,000 cubic meters for 41 hours continuously; and in total of 14,000 cubic meters per week. The estimated production rate for each plant is between 240 and 270 cubic meters per hour.

	The Primary and Backup Batch Plants shall be equipped with a control room, scales, water meters, water tanks, and other necessary equipment for automatic batching and recording. Facilities must be adequately designed for chilled/hot water, ice production, aggregate cooling, and liquid nitrogen cooling during winter and summer operations. Equipment for cement, admixtures, and aggregates must meet specific requirements for dust control and stormwater management. Additional facilities include areas for truck washout, parking, handling surplus concrete, concrete washing and recycling systems, and noise mitigation measures. The Seller will provide mixer trucks, and mobile concrete pumps for the purpose of delivering concrete to the work area. 8. Proposals may be provided in either EURO or PLN or USD. Furthermore, the proposals will be requested as a combination of lump sum items and fixed unit rate items. 9. Award criteria shall be based on a combination of the highest evaluated scored bidder with consideration of the following key criteria in order of relevance, together with cost, which will determine the final decision for award which will be detailed further in the Bid Document(s) and during the RFQ phase. a. Previous Proven Relevant Experience b. Technical Capability c. Design Capability d. Delivery Management Team e. Environmental Health and Safety f. Quality g. Schedule 10. Any Companies that do not meet the legally mandatory compliance requirements will be excluded. 11. The procedure for the Company to gain access to classified or confidential information, as required, will be subject to compliance with the executed NDA, Applicable Export Laws, Applicable Laws, and Applicable Safeguards Laws which will be included in the RFQ document.
Deadline (Pre-qualification Questionnaire Submittal):	03 September 2025
RFQ Document Issuance:	September 2025 (Forecast – Subject to change)
Supplier Proposals Due:	Three months from Issuance of RFQ document
Order Award Date:	April 2026 (Forecast – Subject to change)
Temporary Batch Plant Operational	February 2027 (Forecast – Subject to change)
Primary Batch Plant Operational	April 2028 (Forecast – Subject to change)
Subcontract Completion Date	2038 (Forecast – Subject to change)
Updates:	Not applicable
Soft Copy:	PDF copy of the Tender (Bid) Notice to be included

About Contracting Authority:	**BECHTEL POLSKA SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ** engaged in the business of engineering, procurement, construction, and project management design and development of commercial nuclear facilities, including facilities equipped with the AP1000® passive-safety pressurized water reactor technology.

Section 3: Legally mandatory compliance requirement, including but not limited to:

Sanctions	The Company shall certify that it (i) is not subject to Sanctions, and (iii) does not present a threat to the security interests of the Poland, in particular that they are not (a) a Russian national, or a natural or legal person, entity or body established in Russia or (b) a legal person, entity or body whose proprietary rights are directly or indirectly owned for more than fifty percent (50%) by an entity referred to in point (a) of this Section or (c) a natural or legal person, entity or body acting on behalf or at the direction of an entity referred to in point (a) or (b) of this Section. “Sanctions” shall mean measures aimed at maintaining or restoring international peace and security enacted by the United Nations and/or the European Union and/or the Poland and/or the US, or any such sanctions law applicable to the Company or undertaking relating to or in connection with this submittal of Prequalification Questionnaire or undertaking's, such as sectoral measures, economic and financial measures, or measures introduced against countries (embargoes), natural or legal persons or groups or non-state entities (blocking measures).
