If Contractor has any questions or intends to express interest in bidding this requirement, the Company shall notify Bechtel's Contact Person. At that point, Bechtel shall provide the interested party the Poland Prequalification Questionnaire which Company would complete with response to Bechtel for review.

Bechtel notes that previous proven experience with emergency services of similar scale and complexity will be mandatory and providing additional documentation / evidence of previous experience may be required.

The prequalification questionnaire includes a list of questions required to be considered as prequalified, and examples to include demonstration of (i) experience in providing the emergency services in the past or current projects, (ii) safety record and compliance to quality requirements (see section 7), (iii) compliance to certification of legally mandatory requirements (including anti-corruption and sanctions), (iv) financial standing (solvency), and (v) organizational capabilities.

Upon Bechtel's evaluation of a response to the Poland Prequalification Questionnaire, Bechtel will notify if the Company meets, conditionally meets, or does not meet the prequalification requirements that closely match the requirements.
