Section 2: Notice Details

Owner Name:	POLSKIE ELEKTROWNIE JĄDROWE SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ , a limited liability company with registered office at ul. Jana z Kolna 11, 80-864 Gdańsk, Poland. Correspondence address: Aleje Jerozolimskie 132/136, 02-305, Warsaw, Poland.
Project Description:	Nuclear Power Plant, utilizing AP1000® reactor technology, composed of three (3) specified reactor units and all other nuclear and non-nuclear facilities, with installed capacity up to 3,750MW.
Project Location:	Municipality of Choczewo (Lubiatowo-Kopalino), in the Republic of Poland.
Notice Type:	Company Prequalification and Tender Notice
Bidding Type:	Competitive bidding
Notice No.:	RFQ No.: TBD
Description:	1. Experienced and qualified companies are invited to express interest and prequalify to provide Managed Print Services (Printing, Plotting & Scanning) (Bechtel commodity code UD82) in support of the construction of the Poland Nuclear Power Plant. The Project is expected to adopt a Managed Print Services (MPS) model combining supplier-provided equipment, technical support, consumables management and scalable service support across multiple project locations. The selected service provider will supply the technical core of the service, including multifunction devices, printers, plotters, scanning capability, maintenance support, consumables replenishment (exclusive of paper) and service management processes. The service provider will be expected to support project offices and future project locations through a flexible service model capable of accommodating changes in device quantities, user populations and project footprint throughout the Project lifecycle. The anticipated scope is expected to include offices located in Warsaw, Gdańsk, Gdynia and the Lubiatowo-Kopalino Jobsite, together with other future project locations as required.

	Based on current planning assumptions, the Project anticipates a managed fleet of approximately 20-25 devices, including standard multifunction printers (MFPs), plotters, scanners and other specialized wide-format equipment. The equipment fleet is expected to be distributed across multiple project offices and site locations and may increase or decrease throughout the Project lifecycle in response to staffing levels, operational requirements and project expansion. The service provider will be responsible for maintaining equipment availability, supporting device installation, managing consumables, providing preventive maintenance and responding to service requests in accordance with service level requirements detailed in the RFQ. The Project may require document reproduction, printing, plotting, scanning and related document support services necessary to support engineering, construction and project execution activities throughout the Project lifecycle. Final requirements and service scope will be defined within the RFQ documents. The service provider is expected to maintain sufficient staffing, technical resources and service infrastructure to support multiple project locations and ensure continuity of service throughout the Project duration. Detailed service level requirements, equipment specifications, support requirements and commercial arrangements will be defined within the RFQ package. Interested Companies must register/update their Contractor's information in Bechtel's iSupplier portal at https://supplier.becpsn.com link and select commodity code UD82 as their specialty. If Contractor has any questions or intends to express interest in bidding this requirement, the Company shall notify Bechtel's Contact Person. At that point, Bechtel shall provide the interested party the Poland Prequalification Questionnaire which Company would complete with response to Bechtel for review. Bechtel notes that previous proven experience providing Managed Print Services and related printing, plotting, scanning, maintenance and document reproduction services on projects of similar size and complexity will be mandatory. Additional documentation and supporting evidence demonstrating relevant experience, service capability and organizational capacity may be required as part of the prequalification process. The prequalification questionnaire includes a list of questions required to be considered as prequalified and may require demonstration of: (i) relevant experience providing Managed Print Services and related printing, plotting and scanning services; (ii) experience supporting engineering, construction or industrial projects of similar scale and complexity; (iii) service capability, maintenance support and consumables management processes; (iv) compliance with legally mandatory requirements, including anti-corruption and sanctions requirements; (v) financial standing (solvency); and (vi) organizational capability and resources necessary to support future project growth and changing operational requirements. 2. In the event of high competitiveness of the proceedings (a large number of companies expressing interest), Bechtel reserves the right to conduct a preliminary preselection of companies for further proceedings, which demonstrate the greatest potential for performing the scope of work. 3. Upon Bechtel's evaluation of a response to the Poland Prequalification Questionnaire, Bechtel will notify if the Company meets, conditionally meets, or does not meet the prequalification requirements that closely match the
--	---

	requirements. A Company's submission of Prequalification Questionnaire does not automatically qualify the Company to be a pre-qualified Company. Bechtel reserves the right to exclude any of the following from this Competitive Bidding process: - any economic operator that is directly or indirectly owned or controlled by an entity from a country not covered by the Government Procurement Agreement ("GPA") with the EU; or - economic operators who rely in the Competitive Bidding process on capacities of any entities from countries not covered by the GPA with the EU. Such decision of Bechtel shall not be subject to complaint. - Each prequalified Company will be required to execute a Non-Disclosure Agreement (NDA). - Companies meeting the prequalification criteria and who have executed the NDA will be invited to submit the proposals for Managed Print Services (MPS). - The Request for Quotation (RFQ) shall include the award criteria, scope of work, specifications, drawings, datasheets, terms and conditions, and schedule data. The RFQ shall be issued via Bechtel's Digital Supply Chain System automation tool. - The RFQ document will include the scope of services on the Poland AP1000 Project. The Company shall be responsible for supplying, installing, configuring, supporting and maintaining all equipment, software, consumables and related services required to perform the scope of work. The Company shall provide qualified technical personnel, service resources and support infrastructure necessary to meet the service level requirements defined in the RFQ documents. The Company is expected to demonstrate capability to support multiple project locations, provide maintenance and technical support services, manage consumables and ensure continuity of service throughout the Project lifecycle. The Company is required to have: - ISO 9001 or equivalent certification - Seller's activities will need to comply with Polish Law and National Standards. - Proposals may be provided in either EURO or PLN or USD. Furthermore, the proposals will be requested as a combination of lump sum items and fixed unit rate items. - Award criteria shall be based on a combination of the highest evaluated scored bidder with consideration of the following key criteria in order of relevance, together with cost, which will determine the final decision for award which will be detailed further in the Bid Document(s) and during the RFQ phase. - Technical Capability

	b. Previous Proven Relevant Experience c. Environmental Health and Safety Performance d. Mobilization Schedule Compliance 10. The Customer shall be responsible for monitoring the Contractor's compliance with the competitive procedure. Thus, the Contractor shall transmit any complaint received to the Customer. The Customer reserves the right to audit of the Contractor's selection of subcontractors under the competitive procedure, in line with the requirements of the Prime Contract.
Deadline (Pre-qualification Questionnaire Submittal):	September 2026
RFQ Document Issuance:	October 2026 (Forecast – Subject to change)
Supplier Proposals Due:	December 2026 (Forecast – Subject to change)
Order Award Date:	April 2027 (Forecast – Subject to change)
Subcontract Completion Date	2031 with option to extend to 2036 (Forecast – Subject to change)
Updates:	Not applicable
Soft Copy:	PDF copy of the Tender (Bid) Notice to be included
About Contracting Authority:	BECHTEL POLSKA SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ engaged in the business of engineering, procurement, construction, and project management design and development of commercial nuclear facilities, including facilities equipped with the AP1000® passive-safety pressurized water reactor technology.

Section 3: Legally mandatory compliance requirement, including but not limited to:

Sanctions	The Company shall certify that it (i) is not subject to Sanctions, and (iii) does not present a threat to the security interests of the Poland, in particular that they are not (a) a Russian national, or a natural or legal person, entity or body established in Russia or (b) a legal person, entity or body whose proprietary rights are directly or indirectly owned for more than fifty percent (50%) by an entity referred to in point (a) of this Section or (c) a natural or legal person, entity or body acting on behalf or at the direction of an entity referred to in point (a) or (b) of this Section. The Company shall confirm that all Subcontractors of any tier will provide that they are not subject to any of criterion mentioned above as a part of the Proposal. “Sanctions” shall mean measures aimed at maintaining or restoring international peace and security enacted by the United Nations and/or the European Union and/or the Poland and/or the US, or any such sanctions law applicable to the Company or undertaking relating to or in connection with this submittal of Prequalification Questionnaire or undertaking's, such as sectoral measures, economic and financial measures, or measures introduced against countries (embargoes), natural or legal persons or groups or non-state entities (blocking measures).
-----------	---

	Any Companies that do not meet the legally mandatory compliance requirements, as specified above, will be excluded.
