Bechtel in Australia
Bechtel is one of the world’s leading global engineering, construction, and project management companies. Since 1898, we have worked together with our customers to complete more than 25,000 projects across 160 countries on all continents. We operate through four global businesses: Infrastructure; Nuclear, Security & Environmental; Oil, Gas & Chemicals; and Mining & Metals and our culture is built on the core values of safety, quality, ethics, and integrity. These values are what we believe, what we expect, what we deliver, and what we live.

**Bechtel at a Glance**

Bechtel is one of the world’s leading global engineering, construction, and project management companies. Since 1898, we have worked together with our customers to complete more than 25,000 projects across 160 countries on all continents. We operate through four global businesses: Infrastructure; Nuclear, Security & Environmental; Oil, Gas & Chemicals; and Mining & Metals and our culture is built on the core values of safety, quality, ethics, and integrity. These values are what we believe, what we expect, what we deliver, and what we live.

### Infrastructure
- 300 subway and rail projects
- 10,000+ kilometres (6,200+ miles) of road
- 390 individual power plants

### Mining & Metals
- 200 million metric tons per year of installed iron ore production
- 30 aluminium smelter projects
- 8 alumina refinery projects

### Nuclear, Security & Environmental
- 121,000 chemical weapons destroyed since 2017 (and counting)
- Purchased more than $7.3 billion in goods and services, $1.7 billion of which went to small businesses
- 6 sites recognized by Department of Energy and Department of Defense worker safety programs

### Oil, Gas & Chemicals
- 44 LNG trains producing nearly 130 million metric tons per year
- 85,000 kilometres (52,800+ miles) of pipeline systems
- 380 major chemical and petrochemical projects

**Bechtel in Australia**

Bechtel has been continuously providing study, project management, engineering and construction expertise for projects across Australia since the 1950’s.

Along the way, Bechtel has completed projects that have helped grow the nation into a global leader of today’s mining, metals, and liquefied natural gas (LNG) industries. From intricate engineering to complex project management, our people have supported our customers in the design and construction of some of the country’s most significant infrastructure.

Our projects have often been Australian or industry firsts and we are proud to be helping build the country’s future.
